Dear Patients,

Please be advised that Richmond Allergy and Asthma Specialists will be making a slight rate adjustment to our charges of all services by 3 percent effective on April 1, 2022. The increase is necessary due to inflation of costs associated with testing and treatment products by our suppliers. Be assured we have enacted the smallest percentage possible while we stay committed to offering you the quality services you expect and deserve.

Richmond Allergy appreciates your continued support and business as we go through this period of change and growth. If you have any questions about the increase, please feel free to contact us. We would be happy to discuss this further with you.

Best Regards,

Richmond Allergy and Asthma Specialists
